BIG Ass Prints SteamRoller Printmaking Event!

Lecture with Sean Starwars Wed., Sept 7, 11:00am-12:30pm
Ahmanson Building, Otis College.

Come and be a part of the FIRST EVER Steamroller printmaking event at Otis College! We'll be printing massive wood carvings with a steamroller! Come help us print, bring your own already carved block (11"x 17" or larger) to print, or just come and watch the spectacle. For info or to volunteer to help with the event, contact nhaselbacher@otis.edu.

Carvers unite! Come carve a block the first week of school to print with the steamroller on Sept. 8. Stop by the Printmaking Lab or the Lab Press to find out how.

Free street parking available or park in the Otis garage on La Tijera. See the guard in Ahmanson Building when you arrive.
